YOUR MONEY GUIDE TO FREE GOVERNMENT GRANTS

Anyone thinking about going into business for themselves, or wanting to expand an existing business should rush for the world's largest "one-stop-money-shop" where FREE MONEY to start or expand a business is being held for you by the Federal Government.

It sounds absolutely incredible that people living right here in the United States of America wouldn't know that each year the world's largest source of free business help delivers:

- * over \$30 billion dollars in free grants and low-interest loans;
- * over one-half trillion dollars in procurement contracts; and
- * over \$32 billion dollars in FREE consulting and research grants.

With an economy that remains unpredictable, and a need for even greater economic development on all fronts, the federal government is more willing than it ever has been before to give you the money you need to own your own business and become your own boss!

In spite of the perception that people should not look to the government for help, the great government give-away programs have remained so incredibly huge that if each of the approximately 8 million businesses applied for an equal share, they would each receive over \$70,000.

Most people never apply for a FREE GRANT because they somehow feel it isn't for them, feel there's too much red-tape, or simply don't know who to contact. The fact is, however, that people from all walks of life do receive FREE GRANT MONEY and other benefits from the government, and you should also.

As you contact different agencies for grant money, learn not to accept "no" as a final answer. There are so many new programs being offered each year that often an agency's own employees won't be aware they are offering the one you ask about. If being persistent doesn't help, get in touch with your congressman and let them track down a program that meets your needs.

TYPES OF PROGRAMS AVAILABLE THROUGH STATE AND FEDERAL AGENCIES

FREE MONEY: Usually through direct grants that do not have to be paid back.

BUSINESS CONSULTING: Free management advice is offered on almost every business subject by the Department of Economic Development to minimize new business start-up management costs.

BUSINESS SITE SELECTION: State hired specialists are available to assist new entrepreneurs select the best possible location for their new business.

MANAGEMENT TRAINING: Most states will assign specialists to work with a new business with one-on-one management training.

EMPLOYEE TRAINING ASSISTANCE: This program provides **FREE MONEY** to train employees. **FREE MONEY** is also available to send employees to school.

RESEARCH & DEVELOPMENT GRANTS: **FREE MONEY** is available to attract high-tech related companies.

PROGRAM CONSULTANTS: States have highly trained management consultants who will locate Federal Grant Programs and help you through the application Process.

FORMS & DOCUMENTS: State professionals will help a new business owner apply for permits, licenses, or any other legal document a business may require.

VENTURE CAPITAL FINANCING: This method can provide **FREE MONEY** in the sense you wouldn't have to pay it back. You would, however, probably have to give up part of the ownership of your business in order to receive financing. Most states have their own venture capital finance terms that invest in high risk businesses.

MINORITIES & WOMEN: **FREE MONEY** grants are available in most states for women or minorities who want to start a business.

LOW INTEREST LOANS: A state may raise money through industrial revenue bonds to buy your fixed-asset equipment. The public, which invests in these bonds, do not pay taxes on the earned interest. When a low interest loan is granted, the state does not guarantee that investors will get their money back if the business fails. If a state issues a general obligation bond, a public investment is then guaranteed. The state will also make direct loans at low interest, or even co-sign a commercial bank loan. If a state co-signs a loan for you, it may subsidize your interest and reduce an already low-interest rate even further.

SMALL BUSINESS DEVELOPMENT CENTERS

Every state has Small Business Development Centers who can match you up with the right **FREE MONEY** grant program. All development centers offer free counseling to anyone wishing to start or expand a business. Their services are varied but include: **FREE** seminars, workshops, business planning, feasibility studies, marketing research, management analysis, sales technique, financing, exporting, inventory control, accounting, record keeping, and grant applications. GETTING FREE MONEY FROM VENTURE CAPITAL SOURCES

A venture capital company is another source for FREE MONEY in financing your business plans. But since they are willing to assume some risk by investing in your business, they also expect some equity in the business itself.

Venture capital companies invest in projects they feel will be successful and bring a return on their investment. If you are interested in asking a venture capital company to invest in your business refer to your telephone directory under Venture Capital Companies or Investment Companies, and contact those who are in the same area you want to start your project in.

SMALL BUSINESS INVESTMENT COMPANIES

Small business investment companies can provide your business with the capital it needs by; 1) giving you a free loan; 2) making a stock investment in your business; or 3) offering a combination of the two.

Small business investment companies are in the business of making money just like any other business. The biggest difference between them and another investor is:

- 1) They are privately managed firms who are licensed and partially financed by the federal government's Small Business Administration.
- 2) All of its transactions are regulated by the government.
- 3) Their success depends on the growth and profits of companies they own stock in. They often give money in exchange for stocks.
- 4) Their loans usually carry lower interest rates than commercial banks.
- 5) Straight loans repayments are carried over a longer period of time.
- 6) Most businesses are eligible, especially if they are 50% minority owned.

For a complete listing of the thousands of Small Business Investment Companies, visit your local library and ask for the SBIC Catalog. Study the catalog and note the companies that specialize in your area of interest. Then write them and request more information on what they have to offer.

WRITING A SUCCESSFUL GRANT APPLICATION

To write a successful grant application for FREE MONEY it should be well planned. You should be familiar with exactly how a particular agency prefers to have their grant proposals completed. If you have no prior experience in writing grant proposals, this is another area where your State Small Business Development Centers can help.

WORK CLOSELY WITH THE FREE MONEY GRANTOR AGENCY

Once you decide which government agency you want FREE MONEY from, contact them

and ask for a grant application kit. Get to know some of the grantor agency personnel. Experts love to talk about their programs, so ask for advice, suggestions, and criticisms about your proposed project.

In most cases, the more an agency knows about your grant proposal, the better your chances will be of getting support from the personnel who ultimately approve your FREE MONEY request.

Often it is a grantor's advantage to send their grant proposal summary to an agency official they have developed a contact relationship with, and ask them to review and return it to you with their comments. Be certain this approach is acceptable with your agency contact. You wouldn't want a first draft mistakenly processed before it was finished.

Making a personal visit to the agency's office in your area is also important. Face to face contact will help you understand eligibility requirements, deadlines, maximum FREE MONEY amounts you can apply for, and other details you want to know about. You can also utilize an agency's library and determine through books, brochures, and conversation if there are other agencies you could apply to for FREE MONEY. There is nothing that says you can't apply for two, three, or more FREE MONEY grants at one time!

ESTABLISH YOUR OWN PROFESSIONAL NETWORK

Do some networking and maintain continuous contact with people who can gather information for you about FREE MONEY GRANTS. Nothing can be substituted for personal contact with the decision makers who are in charge of grant programs. Learn to use your personal influence (and theirs) to achieve your goals.

The U.S. Government Printing Office maintains a wealth of information that people never take advantage of! Write to them and ask for a copy of the "U.S. Government Directory" and ask for a list of books, brochures, and documents that covers your field of interest. Tell them you are especially interested in obtaining information about FREE FEDERAL MONEY that's available to private citizens.

Remember, "FREE FEDERAL MONEY" doesn't mean you have to travel to Washington, DC. It just means finding out where the agencies are within your own states and local governments. The contacts you want to make may only be minutes away.
